

The 5 Simple Steps to Start Home Care

Step 1: Phone Consultation

We begin with a thoughtful conversation to understand your unique needs. Our team is here to listen, offer expert guidance, and ensure all your questions are answered with care and clarity.

Step 2: Complimentary In-Home Assessment

Experience the Beacon Home Care difference with a no-cost, no-obligation assessment. We meet with you and your family to review your care needs, preferences, and options, ensuring your care plan and schedule are tailored to your requirements.

Step 3: Expert Caregiver Matching

Using our extensive network of trained, licensed, and insured caregivers across five Bay Area counties, we carefully match you with a professional who meets your needs and fits your personality. Our caregivers are more than providers; they become trusted companions.

Step 4: Flexible Service Agreement

Our clear, client-centered service agreement options give you confidence and control. Whether you require long-term support, temporary assistance, or on-call care, our terms are tailored to your preferences and flexibility.

Step 5: Seamless Start of Care

Your care journey begins with a personal caregiver introduction and a customized care binder, complete with service logs and helpful tools for managing your care. We ensure a smooth transition and ongoing support from day one.
